Curriculum Details

Curriculum type : Local

Curriculum planning

The courses are constructed in according to the preschool curriculum guidelines and children's learning interest and daily life experience.

We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.

Learning / Teaching approach & activities

The school carries out the teaching mode of "story integration activity approach", "project-based approach" and "inquiry learning" to cultivate children's learning interest, thinking ability, understanding ability and creative thinking. Meanwhile the school utilizes small group learning, corner learning, and visiting activities and invites professionals to share their educational opinions for facilitating children to construct knowledge.

Assessment of children's learning experiences

The "children learning files", "continuous observation and records" and "unit assessment reports" are used for evaluating children's development of - language, art, early maths, individual and groups, science and technology, physical ability and health.

School Characteristics

School vision and mission

Based on the children-centered principle, the school aims to promote children to get balanced development on the moral, intellectual, physical, social and aesthetic aspects.

Support to students

1. Meetings for parents of new students to help them understand pre-primary preparations of their children. 2. New students adaptation day; progressively adjusted lesson hours are arranged to help students adapt to campus life promptly. 3. Meetings on entrance of primary school are held for parents to help them choose the school. 5. Visits to primary school in the districts are arranged to let children experience primary school life. 6. Junior boy scouts are formed to foster team spirit, mutual help and mutual love of children. 7. Social work service scheme aims at providing helps to families in need.

Support to non-Chinese speaking (NCS) students

Create an inclusive learning environment to facilitate students' integration; facilitate professional development for teachers to develop effective strategies to help NCS students learn Chinese.

Support to students with special needs
