Curriculum Details	
Curriculum type : Local	
Curriculum planning	
Learn in play Play in learn. Development of language ability and moral education are the cores of the curriculum. The scope of curriculum includes "Physical Fitness and Health", "Language", "Early Childhood Mathematics", "Nature and Living", "Self and Society" and "Arts and Creativity". Children's needs in different stages of development are catered for.	
We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.	
Learning / Teaching approach & activities	
We adopt the thematic approach which is supported with explorative learning. Children are trained to develop active learning attitude, well-organized and confident expression skills, discussions with peers and time management for individual learning through site visits, exploration, verification, friendly visits, uniformed teams, fellowship and art activities held every Wednesday. Language environment is created through Putonghua and English teachers for children to practise their bi-literate and tri-lingual abilities.	
Assessment of children's learning experiences	
Ongoing integrated assessment of children's development abilities in various aspects by analyzing based on observation of children's performance and artistic expression in works, feedback from parents and self-evaluation of children. A profile on children's learning and development is kept for systematic record of their course of development.	

School Characteristics	
School vision and mission	
We foster good character and morality in children based on the principle and love of Jesus Christ.	
Support to students	
The Board includes members from various professional disciplines, including experienced educationists for effective supervision and promotion of our development into quality education provider. We have school education to provide counselling services to support families besides appropriate counselling and support to children. Various internal and external services are provided. We cooperate with different bodies in the district to offer sound community support network. We expand children's learning experiences and take care of parents' needs. Parent-child campus experience activities are arranged for would-be primary students to help them adapt to primary school life.	
Support to non-Chinese speaking (NCS) students	
No information	
Support to students with special needs	
Joining the On-site Pre-school Rehabilitation Services.	
Link with parents	
Parent-teacher association : No	
Other activities / communication with parents	
Home-school collaboration is emphasized. Parent-child development group is held monthly to provide a forum for the sharing and learning of parenting skills. Regular activities include parents day, parent-child activities, parent-child birthday, parent-child resource world, campus experience day for parents, parent education seminars, parent-child hiking, parent-child activities and home visits. Parent volunteering is actively promoted. Home-school contact and communication are encouraged. The 'Love reading Always reading' programme is launched for development of paired reading skills between parents and children and their appreciation for reading besides fostering the habit of reading in children.
